Re: Beverley Road Calders Community Consultation

Dear Community Member/ Business Owner

As a responsible landlord we are committed to improving our council houses to make them more energy efficient. However, we have encountered challenges with some of our council homes due to their construction type, and this may mean we need to consider the option of replacing them with new homes using public funds.

As a valued business and community member, we value your opinion and would appreciate your input regarding the potential plans to either refurbish or demolish the following 37 houses, listed below. Our aim would be to build a similar number of new, high-quality, energy-efficient homes, if demolition was the preferred option. Refurbishment works would include improving the structure, design and build quality of these properties.

20 - 30 Derby Street
62 - 75 Wellington Lane
2 – 24 (Evens only) All Saints Street

The consultation outcomes will be included in a report to help the council decide on the future of these houses later this year. I would be grateful if you can complete from 20 May to 20 August using the form enclosed or online by scanning the QR code with your phone and following the link

or visit our website at: <https://www.hull.gov.uk/repairs-maintenance/external-insulation-improvements/2> where there is more information.

OFFICIAL

Please do not hesitate to contact us if you have any questions or would rather complete the consultation over the phone.

Yours sincerely
